MINGYU LI

A 3rd-year undergraduate student in Department of Physics, Tsinghua University, Beijing, China. Grades rank top 5 among the all students majoring in physics. Having knowledge of math, physics, statistics, and astronomy.Especially interested in high redshift galaxies. Looking forward to exploring and explaining the mysteries of early universe.

WORK HISTORY

12/2019 - now
Working with Zheng Cai
Tsinghua University, Beijing
Study Lyman-alpha emitters at high redshift

Department of Astronomy

EDUCATION

08/2018 - now
Tsinghua University, Beijing

Department of Physics

ACHIEVEMENTS, HONOURS AND AWARDS

- 2018: "Great Study" Scholarship
- 2019: National Inspirational Scholarship
- 2020: National Inspirational Scholarship

GENERAL SKILLS

Coding | Math | Physics | Astronomy | Swimming | Billiards | Writing | Planting

GRADES

Rank: 5/54

- A: Introduction to Astronomy
- A: General Relativity
- A: Big Data in Experimental Physics (1)
- A: Big Data in Experimental Physics (2)
- A: Statistical Mechanics(1)
- A: Statistical Computing
- A: Elementary Probability Theory
